As a seasoned Shopify Expert who has helped clients launch and grow on Shopify and Shopify Plus, I specialize in all aspects of Shopify, from custom theme development to email marketing and SEO best practices. I can help you build your Shopify store from the ground up.

WORK EXPERIENCE

SHOPIFY DEVELOPER

KAPLAN MD

Apr 2023 – Dec 2024

A comprehensive Shopify app that brings the top skin care products directly to your online store.

- Planned the website build process and set up the project pipeline.
- Set up the Shopify store and developed the Shopify theme and front-end components.
- Updated layout of the application using Shopify React Polaris UI/UX library.
- Implemented custom shopping experiences for different types of users.
- Integrated the Shopify store with third party services.
- Optimized site performance by configuring and fine-tuning mechanisms, leveraging content delivery network (CDN) solutions, and implementing code optimizations.

Skills: Shopify, eCommerce, Shopify API, Shopify Customizations, Shopify Polaris, React, Typescript, Tailwind CSS, ECMAScript (ES6), Search Engine Optimization (SEO)

SHOPIFY EXPERT

Island Chef Pepper Co

Jun 2022 – Mar 2023

It is our goal to ensure that our products provide a flavourful experience that enhances your favorite meal.

From mild Serrano to intense Carolina Reapers, there is a sauce for every spice lover.

- Converted all the Figma designs to the HTML, CSS, Liquid, and app integrations.
- Set up the Shopify store and integrated the front-end.
